

THREE LOVELY FUR FRIENDS NEED A NEW HOME

- 🐾 These 3 lovely animals need a new home because their owner has some serious health problems and is no longer able to care for them.
- 🐾 **WALLY** is a 4 year old desexed staffy cross. He loves everyone and everything but can be a bit too enthusiastic.
- 🐾 **ROSIE** is an undesexed Jack Russell around 4 – 7 years old. She's not so keen on meeting dogs she doesn't know but may be ok with slow introductions.
- 🐾 **NGUNNAWAL** is a lovely natured undesexed cat less than 2 years old. He holds his own with the dogs and ignores rules like all good cats should!
- 🐾 They all currently sleep inside and are used to people being home during the day.
- 🐾 It would be fantastic if they could be rehomed together, but their owner accepts that they may need to be split up.
