

# **AWESOME ASH NEEDS A NEW HOME**

Ash is a lovely one year old Great Dane cross youngster who is very unhappy in her current home.

She is not getting along with her owner's other dog and has been escaping to get away from her. When separated from the other resident dog, Ash is happy and relaxed.

Ash's owner has a young child and Ash has not been allowed inside because, like all big puppies, she can be bouncy and knock a child over.

Ash would LOVE to be included as part of the family and be allowed inside with her people. She is a smart cookie and would be a very rewarding dog for someone to train (which she would also love!).

Ash walks quite well on lead but could do with more practice. She will need good high fences to keep her safe.

She is desexed, microchipped and vaccinated.

**To find out more, contact her owner on 0402 442 475.**
