

AWESOME ASH NEEDS A NEW HOME

- 🐾 "Ashley" (or Ash) is a beautiful young girl with sad brown eyes.
- 🐾 She is 1 year old, desexed, vaccinated and microchipped.
- 🐾 She has a history of escaping so would need very secure fencing (high colourbond or dog run) and be supervised outside until she feels comfortable in the home.
- 🐾 She is an incredibly sweet and quiet dog but also playful.
- 🐾 She gets along fantastically with other dogs and loves to play so would be very happy to have a companion.
- 🐾 She has met a few children and seems fine with them, but she is a big dog who may accidentally knock very small children over, so may be better suited to older children.
- 🐾 She can sit on command and is a smart cookie so could learn other things too.
- 🐾 She is 26kg but will snuggle onto your lap given the chance.
- 🐾 She loves to sleep (and snores a little), loves being around her people and of course loves going for a walk.

For more information about Ash, contact Anna by email: areimondos@gmail.com or phone/text 0434 643 078.
