

**DISTINGUISHED GENTLEMAN SEEKS NEW HOME**  
**PLEASE SHARE MARLEY'S POSTER WIDELY TO HELP HIS SEARCH**

Meet Marley, a 9-year-old Rotti mix, who is needing a new home as his family are moving overseas and cannot take him with them.

This gorgeous boy has lovely indoor manners, is used to sleeping inside with his family and loves an outing. He is currently walked twice a day and walks well on lead with the occasional strong pull towards a particularly interesting scent. Marley is not a dog park fan as he can get overwhelmed with too many dogs around. He is not comfortable with strange dogs getting too much in his face, but he does have a few doggy playmates.

Despite his tough guy appearance Marley is very storm phobic and needs to be inside during bad weather or if bad weather is forecast. He is also scared of sudden loud noises and will often hide when he hears them.

Marley will bark when someone comes to the door or strangers enter the house though he soon settles once introduced and enjoys getting affection.

Marley is desexed, microchipped and fully vaccinated and as an older dog he does require an effective and inexpensive injection for arthritis once every 3 months in warmer months, and once a month in the cooler months.

Marley's ideal home is as an only dog, the centre of his family's attention. If you would like to find out more about him please contact Anna, [annaglynn07@gmail.com](mailto:annaglynn07@gmail.com), 0450 835 246
