

CHUBBY WOMBAT NEEDS A NEW HOME

- 🐾 Wombat is a gorgeous five-year-old stumpy tailed Cattle Dog.
- 🐾 He's an absolute sweetie who LOVES hanging out with his owner and collecting pats.
- 🐾 He was adopted from the pound 3 weeks ago, but he's **not coping at all** with the exuberant young kids in his new home. It's possible he's never lived with kids before, but either way, it's clear he needs a calmer life.

- 🐾 He's a lovely dog and he's even getting along with his owner's two cats!
- 🐾 Wombat is a sedate and dignified boy and would love a quiet home with an active retired person or a family with teenagers or no children.
- 🐾 He's responds well to training and walks nicely on a lead. He's looking for a home where he'll get a good walk each day and help to lose a few kilos.
- 🐾 He's best suited to a home without other dogs. Wombat is desexed.
